

Doral Spirit Song

We are the dragons,
The mighty, mystical dragons.
We hold our heads up high!
We conduct ourselves with chivalry, respect and honor.
We walk with Doral pride!

We will spread our wings and soar,
Go to places we've never been before.
With a hungry mind and a fire inside,
Our imaginations take flight.

We are the dragons,
The mighty, mystical dragons.
We hold our heads up high!
We conduct ourselves with chivalry, respect and honor.
We walk with Doral pride!

Come along with me and see
The magic, the color, and harmony.
It's an open door to what we have in store.
Let us throw our heads back and roar.

We are the dragons,
The mighty, mystical dragons.
We hold our heads up high!
We conduct ourselves with chivalry, respect and honor
We walk with Doral pride!
